<b>X</b>	Punjab & HP	4709	1030	6538	1358	1829	328	31.84

- In April 2011, Tamil Nadu was ranked Fourth. Our position improved to Third in March 2016
- In terms of Incremental FDI inflows, Tamil Nadu had the highest growth rate: 193.45% between May 2011 to March 2016.
- NCR is second ranked. However, it includes parts of Haryana (Gurgaon) and UP (Noida) which attracted maximum FDI due to proximity to Delhi. Hence, NCR includes three states. Excluding this for state-wise comparison, Tamil Nadu it technically ranked Second. However, Tamil Nadu includes Pondicherry where FDI is negligible (unlike Gurgaon and Noida).
